

Brutal Beginnings charts the early days of a web forum called The Ruthless Arena. This forum is focused on triggering the psychological state commonly known as Enlightenment. The core trigger mechanism has been broken down to its purest form, and delusion itself is met head on, and broken. The one single moment of honest looking at the one single trigger of this state is shown over and over. Those who see the truth then turn and begin showing it to others. Nothing like this book exists anywhere else. It literally shows an avalanche of real-life liberation. It burns away all the layers of mysticism and superstition around the core insight of the Eastern tradition, and lays it bare for the reader to experience.

Midsummer Snowballs, Kathy and Me, Quantum States and Processes, A Revision of the Hoplia of the Nearctic Realm (Coleoptera Scarabaeidae), Hand-arm Vibration: Advice for Employees (INDG), The Sarsen Witch, Beulah, Nightmare Abbey, Animal Parasites And Human Disease (1918),
