In April, I published a trade book called The Jesus Dynasty: The Hidden History of Jesus, His Royal Family, and the Birth of Christianity. Christian Origins. Christianity is based on a series of claims about what God has done in the past, as revealed both in the Hebrew Bible and in the New. Christianity developed out of Judaism in the 1st century C.E. It is founded on the life, teachings, death, and resurrection of Jesus Christ, and those who follow him . This collection contains the first four books of N.T. Wright's highly-praised Christian Origins and the Question of God series. Included here are The New. Christian Origins and the Resurrection of Jesus: The Resurrection of Jesus as a Historical Problem. (Originally published in Sewanee. Jesus' Resurrection and Christian Origins.
