

IT WAS SUPPOSED TO BE A QUIET DINNER PARTY WITH HER COLLEAGUESâ€”NOT THE SCENE OF A MURDER. But the murder of a stranger on her front lawn is only the first in a string of events that have Dr. Shannon Frasierâ€™s life teetering on the edge of chaos. Sheâ€™s unable to make the deeper commitment her boyfriend deserves. Her sister shows up at her home needing a place to stay but with no promise sheâ€™ll remain sober. And her father is diagnosed with cancer. Then Shannonâ€™s life stops teetering and plunges into the abyss. Because the person behind the guttural voice on the phone wants to know what the stranger said before he died. And he wonâ€™t stop until Shannon gives him the information he wantsâ€”even if she doesnâ€™t have it. Heâ€™s coming for her. Sheâ€™s not sure the police on the case can be trusted. And her only hope of escapeâ€”for herself and for those she lovesâ€”is to overcome her buried past.

Definition of critical condition.: very sick or injured and likely to die The patient is in critical condition.

A â€œCritical but stableâ€• condition, for instance, indicates that someone is in a bad state but not likely to get worse in the short-term. Others recommend against using that phrasing, however, since being in a critical condition implies that a patient vital signs are not stable. I was taught that â€œcritical conditionâ€• meant that the vital signs were not stable, and that in turn meant that the prognosis was really shaky until the vital signs. 7 hours ago (CNN) A 7-year-old Maryland girl remains in critical condition after being struck by a truck while getting off her school bus this week, the latest in.
