

Winner of the 2011 AASECT Book Award! Co-authors of Men's Sexual Health, Michael Metz and Barry McCarthy have come together to inspire and motivate readers in their newest book, Enduring Desire. Real-life examples and clear, helpful individual and couple exercises allow readers to reach for realistic and high quality sexual satisfaction as a couple. Throughout the book, the authors promote positive, realistic sexual expectations without commercialism and the hyped, exotic promises that only set people up for disappointment. The message is down-to-earth and full of joy for all couples from their 20s to their 80s. The authors advocate the variable, flexible Good Enough Sex (GES) model, which validates the inherent variability and flexibility of couple sexuality and examines the biopsychosocial, multidimensional, and comprehensive roles, functions and meanings of couple sexuality.

New Visions of Isaiah (The Library of Hebrew Bible/Old Testament Studies), Psychophysiological Measurement and Meaning: Cognitive and Emotional Processing of Media (Routledge Communication Series), Kim Cattrall Sexual Intelligence, Caramelle: there's no place like home, Wah-To-Yah and the Taos Trail (Classics of the Old West), Paul: Crisis in Galatia: A Study in Early Christian Theology (Society for New Testament Studies Monograph Series), Making Sense in Psychology: A Students Guide to Research and Writing, Stochastic Modelling and Control (Monographs on Statistics and Applied Probability),

The popular media would have us believe that sex should be a magical, flawless endeavor each and every time. If not, our individualistic.
