

Coordinated with ETC 1: Life Skills, Skills Book, this workbook offers grammar exercises and activities in context, focusing on practical competency themes. Heavily illustrated to clarify meaning, it also includes spelling instruction and vocabulary review. In a program that emphasizes language skills while de-emphasizing structure, the workbook will serve as a supplement, providing controlled writing practice. Parts One, Two, and Three of each chapter begin with an illustrated story that introduces the grammar and important vocabulary of that section. Part Four presents spelling principles (basic phonics) along with vocabulary review exercises.
