

En el año 2000, el Diacono Francisco Enderle, ex Director Ejecutivo del Diaconado Permanente de la Arquidiócesis de Washington, comenzó a escribir homilias en Español para publicación en www.homilias.net. Este es el Segundo Volumen del Ciclo B y, como el Volumen I, contiene 57 homilias en español, con sus traducciones al inglés. Fue escrito para los predicadores que prefieren leer las homilias en libro en vez de en el Internet. La diferencia entre este libro bilingüe y otros es que las homilias fueron escritas en español y traducidas al inglés y no al revés, como se suele hacer en otros libros. Esperamos que estos libros sean útiles tanto para los predicadores de habla Hispánica como para los de habla Inglesa que tienen que predicar en español. In 2000, Deacon Frank Enderle, the former Executive Director of the Permanent Diaconate in the Archdiocese of Washington, began writing and publishing homilies in Spanish on the Internet. This is the Second Volume of Cycle B and, as in Volume I, I contains Spanish homilies with English translations. It is published specifically for those who preach who prefer to read the homilies in book format rather than on the Internet. The difference between this bilingual book and others is that these homilies were originally written in Spanish and translated into English, not vice-versa, as in other books. We hope that these books will be useful to native Spanish speakers who preach as well as to native English speakers who find they must preach in Spanish.

The Auditory Cortex: A Synthesis of Human and Animal Research, Notes on the Greek Text of Leviticus, El mensajero del rey/ The Kings Messenger (Spanish Edition), Concepts from Tensor Analysis and Differential Geometry, A problem solving program,: For defining a problem and planning action,
