

Jojis mother noticed from day one, that something was different with her baby. He didnt hold his neck as her other babies, his spine was curved, and he had low muscle tone. She had three healthy babies, so she never imagined he would continue to get diagnosis. He was diagnosed with several diseases each time they went to the doctor, only to find out a new diagnosis the next time. Jojis first years incorporate several challenges for him, and his family. The journey at times hard to read, will move you to tears. If you or a loved one has recently been diagnosed with Chiari Malformation this book will walk through the journey with you. If you or a loved one is newly diagnosed with any medical or mental disorder this book will help you fight for yourself or your child, and be their advocate.
