

From book Introduction: Kentucky: A History of the State by WH Perrin, JH Battle, and GC Kniffin was published in the 1880s. There were nine or more editions some with the same text and all with varying appendixes. The biographical section of each edition differed, relating to separate geographical sections of Kentucky. These biographical sketches are recognized by genealogists and local historians as one of the most important sources of biographical and genealogical research information for the Kentucky counties they cover. Families of varied social and economic backgrounds are mentioned. Many Revolutionary, Indian Wars, War of 1812, Mexican War, and Civil War Soldiers are referred to in these sketches. Daughters of the American Revolution and Sons of the American Revolution applicants have used these biographical sketches as evidence of lineage and Revolutionary Soldiers service. The original copies of what has become popularly known as Perrins History of Kentucky are very rare and expensive. This volume is the second in a series of reprints of the biographical sketches. The first volume of Kentucky Genealogy and Biography contained the sketches from Hancock, La Rue, Hardin, Edmonson, Hart, Breckinridge, Grayson and Meade Counties Kentucky. The editor intends to publish in limited editions all the biographical sketches. An index has been added in order to make the contents more accessible.
