

Our 1st edition Louisiana 7th Grade Math Test Prep for Common Core State Standards is an excellent resource to assess and manage students understanding of concepts outlined in the Common Core State Standards Initiative. This resource is formatted into three sections: Diagnostic, Practice, and Assessment with multiple choice in each section. The material covered includes understanding ratio concepts and using ratio reasoning to solve problems; applying and extending previous understandings of multiplication and division to divide fractions by fractions; computing fluently with multi-digit numbers and find common factors and multiples; applying and extending previous understandings of numbers to the system of rational numbers; applying and extending previous understandings of arithmetic to algebraic expressions; reasoning about and solve one-variable equations and inequalities; representing and analyzing quantitative relationships between dependent and independent variables; solving real-world and mathematical problems involving area, surface area, and volume; developing understanding of statistical variability; and summarizing and describing distributions. These standards are covered extensively by the practice problems. This book contains over 850 practice problems aligned to each Common Core State Standard. In addition the book contains an answer key to practice problems. Paperback: 317 double-sided pages Publisher: Teachers Treasures, Inc. Language: English
