

This in-depth, non-denominational curriculum helps students gain a broad understanding of the Bible over many years. It uses classic artwork and literature to enhance learning the entire biblical story and themes that relate to practical issues in students' lives. Teachers love this curriculum (particularly those new to teaching) for its easy-to-follow instructions and convenient preparation materials. The Mustard Seed Series:

- \* Is organized thematically around the Old and New Testaments
- \* Presents our faith story clearly
- \* Encourages students to think critically about Bible texts
- \* Teaches children and their parents how to pray together
- \* Requires minimal preparation for weekly lessons

The Mustard Seed Series is offered for grades K-9th. It is also arranged for smaller churches to use with classes including two age groups. The 8th and 9th grade curriculum is designed to be used as confirmation preparation; it provides an overview of the Bible and Church history and can also be used with adults preparing for confirmation or church membership. The Mustard Seed Series is written by The Rev. Anita Kiere, a UCC minister who is a graduate of Yale Divinity School. This curriculum provides the depth and scholastic challenge desired by congregations who want their children to really learn the entire Bible, rather than just a few key stories.
