

Norman Rockwell's hundreds of memorable covers for The Saturday Evening Post made him a twentieth-century American icon. However, because of the very popularity of his idealized depictions of middle-class life, his more serious paintings have been largely ignored, and he has often been deemed a mere illustrator, not a "real" artist. In this, the first comprehensive biography of America's most popular artist, Laura Claridge breaks new ground with her appreciative but clear-eyed view of Rockwell's work and his life. Based upon previously unpublished family archives and hundreds of interviews, this account reveals for the first time the deep disparity between the artist's public image and his private life.

Stedman's Medical Dictionary For the Health Professions and Nursing, Illustrated, The Stonewall Brigade, Tandem Mass Spectrometry, Holt Spanish 1 Al rap!(DVD), CHANGEMENTS CLIMATIQUES ET SECURITE ALIMENTAIRE AU NUNAVIK (French Edition), Performing Shakespeare, Brothers of Mischief - In the City,
