

Occupy Love takes the reader on a profound journey of discovery through the Earthly and spiritual realms. Important issues which are examined include genetically modified foods, privately-owned central banking, war and peace, inequality and the mainstream versus alternative news media. In contrast there is then a study of ancient and modern spiritual writings, near death experiences and the many voices of wisdom through history. The reader will discover for perhaps the first time a wide variety of unveiled viewpoints which suggest that the bright future of humanity is here now; that the golden age has perhaps truly arrived. This evolutionary human condition we know as love. Perhaps you will come to believe that in 2013 and forever after mankind will make the united decision to occupy love.
