

The follow-up to Reulands critically acclaimed debut novel Hollowpoint. Rob Reuland writes beautifully about sadness and cities and injured dreams. First with Hollowpoint and now with Semiautomatic, he has renewed my faith in the health and future of the urban crime novel. Dennis Lehane Semiautomatic is notable not for violence but for subtle characterizations, moral ambiguities and exceptional writing. Reuland has been, like Gio, a prosecutor in Brooklyn. Many lawyers publish novels these days, and most express themselves with clarity. But not many lawyers (or non-lawyers, for that matter) produce fiction that is fresh, surprising and lyrical, as Reuland does. Some readers may find Semiautomatic too inward for their tastes, but in stylistic terms its the best-written legal thriller Ive ever read, hands down. Washington Post Reulands elegant, hard-edged, and oftentimes funny writing has inspired one critic to name him the bastard child of Raymond Chandler and Ernest Hemingway. With Semiautomatic, Reuland delivers another fist-in-the-gut portrait of criminal justice inside the courtroom and on the darkened street corners of Brooklyn. But more than anything Reuland captures lives on the edge, men and women working and dying in a very real world that most of us never see, although it exists right under our noses. Reuland shows us that world in searing detail without flinching, although we may want to.
