

A story about a woman who finds herself the prisoner of a corrupt and murderous sheriff who is in charge of a town in New Mexico. Eve Martins is kidnapped. By way of a terrifying mountain road, she is taken to a hacienda in the rugged Sandia Mountains. There, she is forced to cook for a band of murderers and "businessmen"™ who are heavily into the drug trade. Eve discovers that when her health collapses, she will meet the same fate as the woman before her—a bullet through her head—and thrown into the dog pen, to be torn apart by vicious, starving dogs kept strictly for the purpose of destroying evidence of murder. Eve escapes from the mesa and makes her way back to her Canadian home, only to confront another shocking situation.
