

Welcome to The Great Recession, when companies are laying people off left and right, and even Big Law isn't hiring anymore. At least there's no place at Robertson, Levine & Shemke for 46-year-old Norma Reyes, a recent graduate from an unremarkable fourth-tier law school. Short on luck and desperate for a job, Norma accepts RLS's offer to work as a floater (i.e., rotating secretary)--a title that conjures the distasteful image of something stubbornly bobbing in the toilet no matter how many times you flush. Though Norma's only trying to stay afloat until the economy improves and she can land a job as a lawyer, RLS's shallow, self-absorbed attorneys seem hell-bent on keeping this buoyant, middle-aged staff member down. The Floater is the Rocky of legal dramas. Attorney and protagonist Norma Reyes--hired as an overqualified secretarial floater and forced to battle long odds in a high-powered law firm--is often beaten down but never knocked out. Gritty and necessarily graphic, The Floater is a well-written and spellbinding ride through Lilly Ledbetter-glass ceilings and racial barriers. Shocking, uplifting, and enlightening, The Floater is a dramatic tour de force. NY Times Bestselling author Ken Morris (author of Blind Allegiance to Sarah Palin, Man in the Middle, Deadly Trade).
