

This all-purpose commentary is by the author of The Suffering Servant in Deutero-Isaiah It meets the needs of the specialist but most of it should be intelligible to preachers and teachers who know little or no Hebrew. The Introduction discusses the literary structure of the prophecy, the theology of Deutero-Isaiah (with some reference to current theological debate), and the problem of Salvation History. The exegetical notes are based on the authors own translation from the Hebrew text. The purpose of the book is to elucidate the message of the Prophet in the context of Scripture as a whole.
