

Ninety-five years ago, as the Titanic slowly sank, a mystery ship was seen as she slipped below the waves. Thinking it would be their salvation, rockets were fired from Titanic to attract the mystery ship, but to no avail. With 1,500 souls on board, Titanic foundered, but what of the mystery ship? At the subsequent inquiries in both the USA and UK, Captain Stanley Lord and his vessel, the Californian, were accused of ignoring Titanic's plight. This is the story of the Californian and of her actions that night and Thomas Williams and Rob Kamps prove that she could not have been the mystery ship that promised hope and salvation for a fleeting time to those on board the sinking Titanic.

Vilified forever in the epic tragedy as the 'Ship Who Watched Titanic Sink', the SS Californian remains another unanswered question in this.

It is said that Jack Phillips and Harold Bride, the senior and junior wireless officers on board the RMS Titanic, did not leave the Marconi Room. 'His blood ran cold': Call that sealed fate of Titanic victims the ice to the troubled ship, the Californian might have saved many, if not all, of them. The Titanic and the Californian - A possible solution - by Paul Lee.

Introduction: I wrote this as a companion piece to my other Titanic and Californian article.

On the night Titanic sank, the nearest ship to her was the SS Californian, a steamship of the British Leyland Line. However, despite her close proximity, and the.

Were the captains of the SS Carpathia and the RMS Californian really 'hero and villain' in the Titanic rescue? Gavin Don asks if the SS Californian, under the command of Stanley Lord, was close enough to have assisted the sinking Titanic.

Could Captain Lord and the Californian have done more to save the passengers and crew of the Titanic. It seems likely that Californian's crew didn't fully understand what they were seeing. Because Titanic was at the extreme limit of their visual range, most of her.

Californian was in the middle of a trans-Atlantic crossing, much like Titanic. She had departed from Liverpool on April 5, bound for Boston, Massachusetts.

Precisely why the story of the Titanic continues to exercise such a powerful hold on the collective imagination is a fascinating question. Let's assume that the Californian was Johnny-on-the-spot when the Titanic first called for assistance, and came racing in well before the ship.

Californian's wireless operator attempted to warn Titanic of the ice fields but was interrupted by Titanic's wireless operator, Jack Phillips, as he was trying to catch.

The SS Californian was a Leyland Line steamship that is best known for the controversy surrounding her location during the sinking of the RMS Titanic on April.
